VIRGIN ISLANDS WATER & POWER AUTHORITY

January 12, 2024

Ms. Sandra L. Setorie
Executive Director
Virgin Islands Public Services Commission
P.O. Box 40
St. Thomas, VI 00804-0040

Re: Virgin Islands Public Services Commission Docket 289 (Water LEAC)

Dear Director Setorie:

The Virgin Islands Water and Power Authority ("The Authority") hereby submits its quarterly informational filing for the Water Levelized Energy Adjustment Clause (LEAC) rate, covering the period January through December 2024. The Authority is not requesting any rate action, as the current rate is already approved for CY2024 based on the Authority's filing in October 2023 and no information has changed since the rate was approved and implemented.

The filing continues to show a rate of $9.53/kgal through the remainder of 2024. The rates for purchased water from Seven Seas are listed below:

- St. Thomas - $6.67/kgal – First Pass Water + $3.10/kgal surcharge – Ultra Pure Water
- St. Croix - $5.00/kgal – First Pass Water + $3.03/kgal surcharge – Ultra Pure Water

The Authority, its employees, and advisors are available at the PSC's convenience to discuss any of the information provided.

Sincerely,

Andrew Smith
CEO, Executive Director
